

## Key Dates

Week 1: QMC science visits

*Early Morning Maths for Year 6 is on every Tuesday and Thursday—8:10am start!*

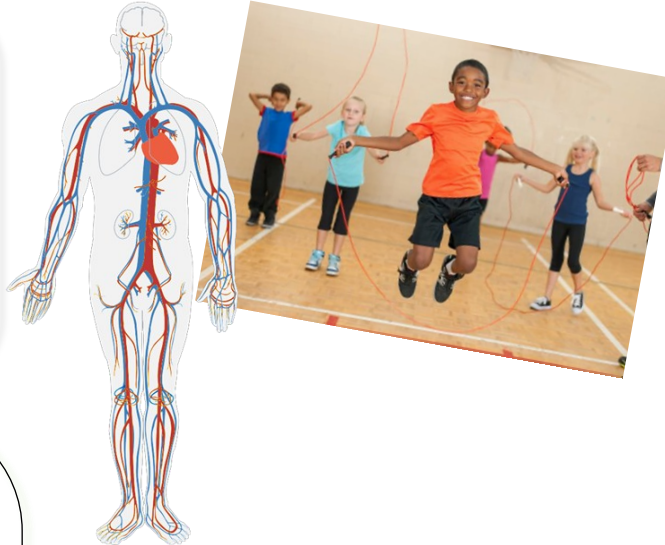

## Key Subjects for the Theme

**In Science** we will be understanding the human circulatory system and recognising how lifestyle choices impact our bodies.

**In English**, we will be writing texts to inform and entertain based on our class reader. We will also be writing persuasive letters and explanation texts linking to organ transplants.

**In Art**, we will be exploring images of the heart and make our own sketches; we will design an image for a press print - moving to a two colour print.

**In Music**, we will be inspired by Kodo drummers to learn different drumming rhythms and create our own.

## Heart Beat

Year 5/6 Spring 1 2026

*In this theme, we are considering how our circulatory system functions and ways of keeping healthy .*

In Computing we will be looking at coding and explore how micro bits can function as a pedometer.

## PE Mon/Fri

This half term our P.E is dance and fitness circuits.

Some of our PE will be outside so children may wish to have jogging bottoms. Please may we remind you that ear rings must be removed for safety.

## At Home

Please keep reading 3/4 times a week (recorded in Reading Records), practising times tables and completing homework on time (due Wednesday).

We appreciate your support in this.

## In class we are reading:

Pig-Heart Boy by Malorie Blackman

## Other book ideas:

Hacker by Malorie Blackman
