Websites to Support Home Learning in Year R

Dear Parents and Carers,

Today, we attached your child's individual Mathletics and Busy Things passwords and log-in details to the back of their reading record. This will allow them to log into the Mathletics and Busy Things websites, which we use at St John's, to support children's learning at home.

Mathletics: All of the activities on this site are linked to the EYFS Maths curriculum and will support their knowledge and understanding in this area of learning. Please be aware that the activities on the site are based on the whole year's learning, so children may not be familiar with some of the ideas or vocabulary yet simply because we won't have covered them at this point in the year. We do not set activities for the children to complete on this site, but the children are set homework tasks on this website higher up the school.

Busy Things: This is a site that we use to support the children's learning in school. We only use this website in Year R. It has lots of activities that cover the whole EYFS (Year R) curriculum. Again, the children may not be able to complete some of the games or activities as we have not yet covered the learning in school. This may be particularly true for some of the Maths or phonics/reading activities.

If you have any questions or problems, then please speak to your child's class teacher and have fun learning at home!

Yours sincerely

The Year R Team
