Wednesday 29th July 2026

Parents of current Y4/5 soon to be Y5/6.

Year 5/6 Space Workshop

This new term, the Year 5/6 topic is called 'Mission to Mars' where the children will be learning about our solar system, Earth's movements, and the phases of the moon in science. They will explore the key events in space travel, the significance of space travel, and the impact it has had.

To enhance our learning, we have organised for a company, called Space Detectives, to come into school and provide a hands-on **space science workshop** for the children on **Thursday 3rd September**. Each class will take part in a workshop, during the day, where the children will learn all about the solar system and assemble their own scaled pocket model.

The cost of the visit is **£6.67 per child**, please can you pay this cost online via ScoPay and complete the permission form via the link below by **Tuesday 1st September**.
