Wednesday 14th October 2026

Dear Year 6 Parents,

Year 6 Early Morning Maths

We are really pleased with the super attitude with which Year 6 pupils have begun the year. As you may be aware, in previous years we have run early morning maths sessions for Year 6 to offer them the opportunity to improve their speed and fluency within calculations. These sessions often help children to improve their confidence, allowing them to tackle more challenging problems in class and within a test situation. Following on from our assessments last week in class, here is a rough outline of what we aim to cover each week.

5th November	Adding/subtraction decimals
10th & 12th November	Short/Long multiplication
17th & 19th November	Short/Long division
24th & 26th November	Equivalent fractions; add and subtract unlike denominators
1st & 3rd December	Compare and order fractions
8th & 10th December	Convert mixed and improper fractions
No session in the last week	

All children will be welcome to attend any session they would find helpful. Each session will begin promptly at 8.10am and finish at 8.40am when the children will return directly to their classroom. **Sessions will begin on Thursday 5th November - please arrive via the school office.**

Mrs Tunnicliffe and Mrs May will be running the sessions in Mexico classroom. If you have any questions, please speak to your child's morning teacher.

Kind regards,

The Year 6 Team
